Combined GAP and RTI Insurance

Combined GAP and Return to Invoice (RTI) Insurance is designed to protect you in the event of a total loss regardless of how you originally purchased the vehicle. If you have paid for the car outright, our Return To Invoice cover can ensure you get back what you paid for the vehicle in the event of a claim. If you are paying for the car on a finance agreement, then our Guaranteed Asset Protection cover can make sure that if your insurance payout falls short, you won't be left with the outstanding finance that you owe.

Combined GAP and RTI covers for all eventualities and will payout the greater of the GAP or RTI amount, up to the purchase price of your vehicle.

COMBINED GAP AND RTI HAS THE FOLLOWING KEY FEATURES:

- Policy cover that pays the difference between net invoice price of vehicle and motor insurer write off value of vehicle and, uniquely, also includes the amount by which the early settlement balance under a finance agreement exceeds the motor insurer settlement - whichever is the higher.
- Available for vehicles up to 7 years old.
- Motor Insurance Excess payment paid up to £250.
- £15,000 claims limit available for vehicles up to £50,000. Vehicles over £50,000 - price on application.

EVEN THOUGH YOUR VEHICLE IS INSURED, YOUR PAYOUT COULD FALL AS SHORT AS THIS:

ORIGINAL VALUE OF CAR

£26,500

FINANCIAL SHORTFALL

£12,500

MOTOR INSURANCE PAYOUT

£14,000

Leaving you with a loss either because you have an amount still owing on finance or because your vehicle has depreciated as time has gone by.

What your insurance company may pay out in the event of a total loss/write-off.

Key Protection Insurance

Key Protection has been designed to reduce the distress and worry of losing your keys, as well as the expense.

COVER:

- 24 hour 365 days a year Nationwide coverage.
- Keys lost or stolen abroad.
- 3 days car hire [up to £30 inc VAT per day] when stranded by the theft or loss of your car keys.
- £30 towards any call out charge when your keys are locked in your vehicle or broken in the lock of your vehicle.
- £10 reward paid directly to the finder.
- Up to £350 inc VAT for any vehicle key lost or stolen and vehicle lock replacement, for the duration of the policy.
- 36 months commencing from date of purchase.

Misfuelling Insurance

AS 17 MOTORISTS EVERY HOUR WILL TELL YOU, FILLING YOUR CAR WITH THE INCORRECT FUEL CAN BE DISASTROUS FOR YOUR ENGINE AND VERY EXPENSIVE TO REPAIR.

It's an easy mistake to make if you're in a rush or have recently changed your vehicle - but a serious one.

Fill your diesel vehicle with petrol or vice versa and the damage could be extensive as well as inconvenient. The vehicle repair costs for the 150,000 drivers who make this mistake annually totals £50 million**.

Add to that the inconvenience of having your vehicle off the road and the price of this simple mistake could be more than the cost of a tank of fuel.

AUTOPROTECT'S MISFUELLING INSURANCE COVERS YOU FOR:

	RECOVERY We will pay up to £100* inclusive of VAT towards the cost of towing the vehicle to the nearest repairer to drain and clean the fuel tank.
	REPAIR If mechanical damage has occurred as a direct result of misfuelling, we will pay for repairs to be made up to a maximum of £1,000*.
	REPLACEMENT VEHICLE We will pay up to £30* per day inclusive of VAT for up to a maximum of 3 days towards the cost of a replacement vehicle.
	REPLACEMENT FUEL We will also refill your vehicle with the correct fuel once repairs have been carried out up to a maximum of £60*.
